

Enjoy a walk in the countryside and help to look after it

These are working farms
and places for wildlife too

Scale (approx)
6cm = 1km
1in = 5/8mile

Please:

- stay on the footpaths. This protects the farmers' crops and encourages ground nesting birds like skylarks;
- be a responsible dog owner. For your dog's safety, keep your dog under close control and please use the dog bins;
- remember that cycling is not allowed on public footpaths.
